### Singletrack Enduro 6..... THE RULES

Please attend the rider briefing at 11.30 a.m. Sunday.

This year the Singletrack Enduro 6 will be ridden as a straightforward six hour endurance event. We will not be using the pit areas this time.

There will be a feed-zone trackside where riders can have drink/food handed to them without leaving the course. There will also be somewhere for unsupported solo riders to leave supplies.

The Start -Soloists and first rider for each pair must line up on foot at the start and park their bikes along the barriers of the start/finish straight. The starting riders must be wearing helmets in readiness to ride.

The race will begin with a short 'Le-Mans' style run of approx 800 metres. Riders will then enter the start/finish straight where they collect their bike and set off on lap one.

The Pairs ride in relay and there will be a changeover zone where rider A will hand over the exchange baton to rider B.

As the 6 hour race time approaches please remember the following:

- i. If you finish a lap just before the 6 hour mark you can set out for a final lap or declare at this stage if you wish (please tell the timing staff if you/your team have declared) You cannot start a new lap after 6 hours has elapsed.
- ii. The winner is the rider who has completed the most laps after the 6 hours has elapsed. For example - Rider A completes 8 laps in 6hours 5mins 12secs. Rider B completes 9 laps in 6hours 35mins 15secs. Rider C completes 9 laps in 6hours 3mins 01secs. The winning order is Rider C first, Rider B second, Rider A third.
